Attachment To Item Supported Method:

Holds item by snug fit of 0.310 in. Diameter by 0.130 in. Thk surface w/90 degrees chamfer end

Shock/spring Mounting Method:

Fits into mtg surface and held by 0.4375 in. Diameter by 0.060 in. Thk flange w/mtg features

Material:

Steel, corrosion resisting

Material:

Stainless steel

Fsc Application Data:

Aircraft engine fuel system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T08100
