Material Hardness Rating:

Between 25.0 rockwell c and 233.0 rockwell c

Design Type:

Solid

Material:

Steel, ams 5613

Material:

Steel comp 410

Material Specification:

Ams 5613 assn standard single material response

Fsc Application Data:

Engine, aircraft, turbofan

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-e
