Overall Height:

0.4652 inches

First Step Diameter:

1.1090 inches

Bore Diameter:

0.6880 inches

Design Type:

Solid

End Diameter:

Between 0.5680 inches and 0.5690 inches

Distance From End To First Step:

0.4060 inches

Special Features:

Not casehardened

Material:

Steel, astm a108, grade 1010 or steel, astm a575, grade 1010 or steel, astm a576, grade 1010

Material:

Steel comp 1010 or steel comp 1010 or steel comp 1010

Material Specification:

Astm a108, grade 1010 assn standard 1st material response and astm a575, grade 1010 assn standard 2nd material response and astm a576, grade 1010 assn standard 3rd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-e
