Width:

0.620 inches

Thickness:

Between 0.027 inches and 0.037 inches

End Style:

Plain end

Length:

13.310 inches

Basic Shape Style:

Flat

Special Features:

0.120 in. Radius on all corners

Material:

Aluminum alloy, qq-a-250/1, alloy 1100

Material:

Aluminum alloy 1100

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
