Cross Sectional Shape:

Flat

Mounting Hole Diameter:

0.656 inches

Distance Between Mounting Hole Centers:

1.500 inches

Ear Width:

0.375 inches

Material:

Steel, aisi 1010 or steel, sae 1010

Material:

Steel comp 1010 or steel comp 1010

Material Specification:

Aisi 1010 assn standard 1st material response and sae 1010 assn standard 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-c
