Overall Height:

Between 0.3090 inches and 0.3150 inches

First Step Diameter:

Between 1.6370 inches and 1.6430 inches

Bore Diameter:

Between 1.1200 inches and 1.1250 inches

Design Type:

Solid

Special Features:

Not casehardened

Material:

Steel, sae 1010

Material:

Steel comp 1010

Material Specification:

Sae 1010 assn standard single material response

Surface Treatment:

Zinc

Surface Treatment:

Zinc

Fsc Application Data:

Starter motors, engine, electrical, except aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T319-e
