Tube Outside Diameter For Which Designed:

0.240 inches

Overall Diameter:

0.420 inches

Design Type:

Friction

Inside Diameter Length:

0.183 inches

Round Cap Outside Surface Condition:

Smooth

Material:

Plastic polyethylene

Material Specification:

L-p-390, type 3, class m, grade 3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
