Diameter:

Between 2.150 inches and 2.155 inches

Thickness:

Between 0.365 inches and 0.385 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539r0
