Cross Sectional Shape:

Flat

Plate Thickness:

Between 0.045 inches and 0.055 inches

Prebent Locking Feature Location:

End

Material:

Steel, ams 5510

Material:

Steel comp 321

Material Specification:

Ams 5510 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-c
