Diameter:

Between 0.4385 inches and 0.4395 inches

Thickness:

Between 0.375 inches and 0.395 inches

Machined Surface Finish:

Ground

Material:

Aluminum alloy

Material Specification:

Ams 4/20 t4 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539r0
