Hole Diameter:

Between 0.103 inches and 0.107 inches

Width:

0.500 inches

Overall Height:

0.675 inches

Length:

0.484 inches

Mounting Method:

Counterbored hole

Distance From Loop Center To End:

0.500 inches

Loop/holding Dimension:

0.375 inches

Material:

Plastic polyhexamethylene amide or plastic polycaprolactam

Material Specification:

L-p-410 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
