Overall Length:

4.875 inches

Overall Height:

0.938 inches

Overall Width:

2.000 inches

Distance Between Mounting Facility Centers:

4.000 inches

Material Hardness Rating:

Between 55.0 durometer and 65.0 durometer

Distance From Center Of Bumper To Center Of Mounting Hole:

2.000 inches

Special Features:

Fastening device: 4-7/8 in. Lg curved steel mtg plate, 2 in. W by 1/8 in. Thk

Color:

Black

Material:

Rubber

Material Specification:

Mil-std-417, type r, class rn, grade rn615abknz military standard single material response or mil-std-417, type r, class rs, grade rs 615abknz military standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535I0

Mil-std (military Standard):

Mil-std-417 spec.
