**Usage Design:**

Centers and positions spring

**Attachment To Item Supported Method:**

Friction mtg by compression spring

**Supporting Object/surface Attachment Method:**

Friciton mtg of mating machine parts under spring compression

**Material:**

Steel

**Material:**

Steel

**Fsc Application Data:**

Engine, gasoline, reciprocating aircraft

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T08100
