Overall Height:

0.4250 inches

First Step Diameter:

0.5270 inches

Bore Diameter:

Between 0.3450 inches and 0.3500 inches

Material Hardness Rating:

89.0 rockwell superficial 15-n

Design Type:

Solid

End Diameter:

Between 0.4060 inches and 0.4100 inches

Distance From End To First Step:

0.3750 inches

Material:

Steel, astm a108, grade 1117

Material:

Steel comp 1117

Material Specification:

Astm a108, grade 1117 assn standard single material response

Surface Treatment:

Chromium

Surface Treatment Specification:

Qq-c-320 federal specification single treatment response

Style Designator:

Seat

Surface Treatment:

Chromium, qq-c-320

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T319-e
