Hole Diameter:

0.190 inches

Edge Shape:

Rectangle, eared corners, four holes

Securing Device Type:

Threaded fastener

Mounting Opening Shape Style:

Unthreaded hole

End Application:

2840-00-072-8965

Features Provided:

Sealing capability

Material:

Aluminum alloy

Fsc Application Data:

Lubrication system sump pressurizing pump

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531c0
