Width:

0.437 inches

Material Thickness:

0.020 inches

Material:

Copper alloy 170 or copper alloy 172

Material Specification:

Qq-c-533, 1/2h federal specification all material responses

Surface Treatment:

Nickel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
