Diameter:

Between 0.751 inches and 0.752 inches

Thickness:

Between 0.330 inches and 0.350 inches

Machined Surface Finish:

Ground

Material:

Aluminum alloy

Material Specification:

Ams 4120 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539r0
