Material Accommodated Thickness:

Between 0.037 inches and 0.062 inches

Hole Accommodation Diameter:

1.312 inches

Prong Quantity:

12

Material:

Steel comp 1010

Material Specification:

Sae 1010 assn standard single material response

Surface Treatment:

Cadmium

Style Designator:

Standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A538u0
