Overall Height:

0.1500 inches

First Step Diameter:

Between 0.4600 inches and 0.4700 inches

Bore Diameter:

Between 0.2010 inches and 0.2070 inches

Seat Angle In Deg:

45.0

Material Hardness Rating:

Between 26.0 rockwell c and 34.0 rockwell c

Design Type:

Solid

End Diameter:

Between 0.2300 inches and 0.2350 inches

Distance From End To First Step:

0.0800 inches

Special Features:

Not casehardened

Material:

Steel, ams 5637

Material:

Steel comp 302

Material Specification:

Ams 5637 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-e
