**Usage Design:**

Centers and positions spring

**Attachment To Item Supported Method:**

Friction mtd by spring compression

**Supporting Object/surface Attachment Method:**

Friction mtd by spring compression on mated machined parts

**Material:**

Aluminum alloy

**Material:**

Aluminum alloy

**Surface Treatment:**

Anodize

**Surface Treatment:**

Anodized

**Fsc Application Data:**

Cylinder, actuating, engine, aircraft

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T08100
