Diameter:

Between 0.1572 inches and 0.1582 inches

Thickness:

Between 0.110 inches and 0.130 inches

Machined Surface Finish:

Ground

Material:

Copper alloy

Material Specification:

Ams 4610 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539r0
