Diameter:

21.000 millimeters

Thickness:

Between 9.500 millimeters and 10.000 millimeters

Special Features:

Material: felt

Material Specification:

C-f-206, 16r3 federal specification single material response

Fsc Application Data:

1. Valve tappet cushion, fuel injection pump, diesel engine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A539r0
