Overall Height:

0.1400 inches

First Step Diameter:

1.7100 inches

Bore Diameter:

0.9800 inches

Design Type:

Solid

Features Provided:

Casehardened

Material:

Steel

Material:

Steel

Fsc Application Data:

Engines, gasoline reciprocating, except aircraft prime mover

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-e
