Usage Design:

For mtg spring

Attachment To Item Supported Method:

Held in place by means of spring tension

Supporting Object/surface Attachment Method:

Friction mtd by spring tension

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Hard coat finish

Surface Treatment:

Hard coat finish

Fsc Application Data:

Fuel control assembly, turbo-prop engine, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T08100
