**Usage Design:**

Centers and positions spring

**Attachment To Item Supported Method:**

Friction mtd by spring compression

**Supporting Object/surface Attachment Method:**

Friction mtd by spring compression on mated machined parts

**Shock/spring Mounting Method:**

N/a

**Special Markings:**

N/a

**Material:**

Steel, corrosion resisting

**Material:**

Stainless steel

**Surface Treatment:**

Nitrided

**Surface Treatment:**

Nitrided

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T08100
