3·
Usage Design:
Centers and positions spring
Attachment To Item Supported Method:
Friction mtd by spring compression
Supporting Object/surface Attachment Method:
Friction mtd by spring compression on mated machined parts
Shock/spring Mounting Method:
N/a
Special Markings:
N/a
Material:
Steel, corrosion resisting
Material:
Stainless steel
Surface Treatment:
Nitrided
Surface Treatment:
Nitrided
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T08100
