Diameter:

Between 1.373 inches and 1.374 inches

Thickness:

Between 1.360 inches and 1.370 inches

Machined Surface Finish:

Ground

Material:

Steel comp 410

Material Specification:

Qq-s-763, cond h federal specification single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539r0
