Cross Sectional Shape:

Flat

Width:

7.438 inches

Edge Shape:

Rectangle, no holes

Length:

3.219 inches

Body Thickness:

0.188 inches

Securing Device Type:

Special

Material:

Aluminum alloy 5052

Surface Treatment:

Chromate

Fsc Application Data:

Radio and television communications equipment, non-airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
