Casehardening Indicator:

Casehardened

Overall Height:

0.875 inches

Body Outside Diameter:

0.750 inches

Body Inside Diameter:

0.438 inches

Material Hardness Rating:

45.0 rockwell a

Material:

Copper alloy, qq-c-533, alloy 172

Material:

Copper alloy 172

Material Specification:

Qq-c-533, alloy 172 federal specification single material response

Surface Treatment:

Cadmium and chromate

Surface Treatment Specification:

Qq-p-416, type 2 federal specification single treatment response

Style Designator:

Irregular

Surface Treatment:

Cadmium, qq-p-416, type 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-a
