Overall Length:

4.440 inches

Overall Height:

2.119 inches

Overall Width:

0.620 inches

Material Thickness:

0.119 inches

Mounting Hole Diameter:

0.300 inches

Mounting Hole Type:

Plain

End Application:

M109 howitzer family

Hole Quantity:

2

Distance Between Hole Centers:

3.740 inches

Features Provided:

Retaining lug

Material:

Steel

Material Specification:

Qq-s-698 hrcq p/o tp 4 or 5 federal specification single material response

Surface Treatment:

Enamel and plastic polyvinyl chloride

Surface Treatment Specification:

Tt-e-529 cr white federal specification 1st treatment response and mil-p-20689 type 1 cl 2 military specification all treatment responses

Style Designator:

Quadruple angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-p-20689 spec.
