Unit Type:

Double action

Control Type:

Liquid

Mounting Type For Which Designed:

Surface

Width:

5.800 inches and 6.000 inches

Special Features:

Holding angle in deg: 90.0; fusible device type: washer

Material:

Stainless steel case

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10600
