**Usage Design:**

Retains spring

**Attachment To Item Supported Method:**

Holds spring by attaching

**Supporting Object/surface Attachment Method:**

Attached by 5/8 in. -24 nef-2a thd

**Special Features:**

Drilled w/two 3/64 in. Air bleed holes at 3d degrees from center thd hole for spring adjusting screw

**Material:**

Aluminum alloy

**Material:**

Aluminum alloy

**Surface Treatment:**

Anodize

**Surface Treatment:**

Anodized

**Fsc Application Data:**

Actuator and valve assembly

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T08100
