Overall Length:

0.312 inches

Overall Diameter:

Between 4.000 inches and 4.062 inches

Center Hole Diameter:

3.109 inches

Base Material Thickness:

0.109 inches

Recess Inside Diameter:

3.421 inches

Feather Edge Angle:

45.0 degrees

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Ams 3228 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
