Usage Design:

Retains spring

Attachment To Item Supported Method:

Flange seat

Supporting Object/surface Attachment Method:

Seated in cylinder

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Anodize

Surface Treatment:

Anodized

Fsc Application Data:

Actuator and valve assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T08100
