Overall Length:

4.125 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

3.875 inches

Mounting Facility Quantity:

2

Handle Clearance:

1.500 inches

Thread Size:

0.164 inches

Material:

Aluminum

Material Specification:

Ww-t-700/6 t6, type 1 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

580-0023-00, collins radio co mfr ref single treatment response

Thread Series Designator:

Unc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A250a0
