Overall Diameter:

1.750 inches

Drive Type:

Serrated

Design Type:

Threaded

Material:

Aluminum alloy 3003

Material Specification:

Qq-a-250/2, 0 federal specification single material response

Thread Size And Series/type Designator:

1-1/16-12 un

Specification Or Standard:

1 type and c class and 12 size

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539I0
