Width:

1.500 inches

Overall Height:

0.406 inches

Material Thickness:

0.018 inches

Length:

0.254 inches

Mounting Method:

Welding projection

Material:

Copper alloy 170 or copper alloy 172

Material Specification:

Qq-c-533 federal specification all material responses

Surface Treatment:

Cadmium and chromate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
