**Width:**

10.500 inches

**Edge Shape:**

Rectangle, multi holes

**Length:**

26.250 inches

**Hole Quantity Along Length:**

62

**Hole Quantity Along Width:**

28

**Securing Device Type:**

Turnlock fastener

**Material:**

Magnesium alloy az31b

**Material Specification:**

Qq-m-44 federal specification single material response

**Fsc Application Data:**

Fuselage, airframe

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531c0
