Cross Sectional Shape:

Flat

Width:

1.900 inches

Edge Shape:

Oval, no holes

Length:

3.300 inches

Body Thickness:

0.063 inches

Securing Device Type:

Slide fastener

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531c0
