Overall Height:

0.600 inches

Material Thickness:

0.062 inches

Mounting Device Quantity:

1

Body Outside Diameter:

0.781 inches

Base Outside Diameter:

Any acceptable

Width Across Flats:

Any acceptable

Mounting Method:

Integral threaded nut

Opening Inside Diameter:

0.438 inches

Special Features:

Grumman aerospace corpa10 aircraft

Material:

Rubber silicone body

Style Designator:

Thru-hole

Fsc Application Data:

Switch, lock, ignition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02000
