Overall Diameter:

3.000 inches

Drive Type:

Hex socket

Design Type:

Threaded

Special Features:

Acme thd 3.000, 2 thds per in.; includes chain and ring

Material:

Aluminum alloy 6061

Material Specification:

Alloy 6061-t6 national specification single material response

Surface Treatment:

Oxide aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539I0
