Hole Diameter:

Between 0.066 inches and 0.071 inches

Width:

0.860 inches

Overall Height:

0.565 inches

Material Thickness:

0.016 inches

Length:

0.847 inches

Mounting Method:

Unthreaded hole

Material:

Copper alloy 170 or copper alloy 172

Material Specification:

Qq-c-533 federal specification all material responses

Surface Treatment:

Cadmium and chromate

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
