Overall Length:

0.342 inches

Thickness:

0.062 inches

Distance Across Flange:

0.380 inches

Shank Size Accommodated:

0.218 inches

Special Features:

Color black

Material:

Aluminum alloy, 6061, t6

Material:

Aluminum alloy 6061

Surface Treatment:

Anodize

Surface Treatment Specification:

Ams 2468 assn standard single treatment response

Style Designator:

Split

Surface Treatment:

Anodize ams 2468

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T319-c
