Width:

1.810 inches

Thickness:

0.185 inches

Length:

2.719 inches

Mounting Hole Diameter:

0.266 inches all holes

Mounting Hole Quantity:

2

Mounting Hole Type:

Unthreaded

End Application:

Cannon 155-mm, f8768727

Mounting Configuration:

2 holes

Material Hardness Rating:

Between 30.0 rockwell c and 36.0 rockwell c

Features Provided:

Raised surface

Raised Surface Length:

1.375 inches

Raised Surface Width:

0.250 inches

Raised Surface Height:

0.315 inches

Material:

Steel

Surface Treatment:

Phosphate manganese

Shape:

Rectangular

Surface Treatment Specification:

Mil-p-16232, ty m, cl 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A530d0

Mil-std (military Standard):

Mil-p-16232 spec.
