Depth:

2.875 inches

Operational Direction:

Right-hand

Unit Type:

Single action

Control Type:

Liquid

Mounting Type For Which Designed:

Door/frame mortise

Width:

2.875 inches

Material:

Steel arm

Surface Treatment:

Chromium

Reference Number Differentiating Characteristics:

As differentiated by surface treatment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10600
