Width:

0.500 inches

Overall Height:

0.500 inches

Material Thickness:

0.020 inches

Length:

0.440 inches

Mounting Method:

Unthreaded hole

Distance From Loop Center To End:

0.245 inches

Loop/holding Dimension:

0.400 inches

Material:

Copper alloy 170 or copper alloy 172

Material Specification:

Qq-c-533 federal specification all material responses

Surface Treatment:

Cadmium and chromate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
