Tube Outside Diameter For Which Designed:

0.500 inches

Overall Diameter:

0.625 inches

Design Type:

Friction

Inside Diameter Length:

0.080 inches

Round Cap Outside Surface Condition:

Smooth

Special Features:

Center hole diameter 0.075

Material:

Rubber chloroprene class cr

Material Specification:

Cage 04577, comp no. 1300, 50 duro mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A539k0
