Width:

1.500 inches

Thickness:

0.073 inches

Length:

1.500 inches

Mounting Hole Diameter:

0.120 inches first hole

Mounting Hole Quantity:

4

Mounting Hole Type:

Unthreaded

End Application:

Armament subsystem, xn97e1

Material:

Plastic phenolic and plastic

Material Specification:

Mil-p-15035m, typefbm military specification single material response

Shape:

Square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-p-15035m spec.
