Tube Outside Diameter For Which Designed:

5.125 inches

Overall Diameter:

5.225 inches

Design Type:

Friction

Inside Diameter Length:

5.125 inches

Material:

Plastic polyethylene

Material Specification:

L-p-390 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
