Tube Outside Diameter For Which Designed:
5.125 inches
Overall Diameter:
5.225 inches
Design Type:
Friction
Inside Diameter Length:
5.125 inches
Material:
Plastic polyethylene
Material Specification:
L-p-390 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A539k0
